

Motorized Carts

Motorized carts are designed for a rapid lifting and handling of boats and are ideal to save time and maximize the spaces in shipyards, ports and marinas.

They are equipped with an engine compartment in order to reduce the vertical space as well as to ensure a better use and positioning of the vessels. The engine compartment is fitted with a watertight deck to reduce noise and prevent water absorption.

They are fitted with a device allowing a gradual acceleration and deceleration of the car and to avoid oscillations of the vessel during the transport.

FEATURES

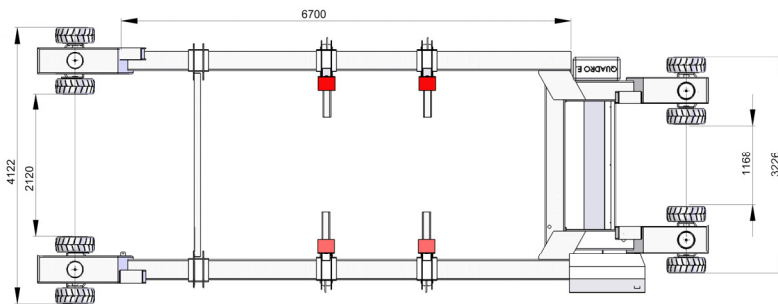

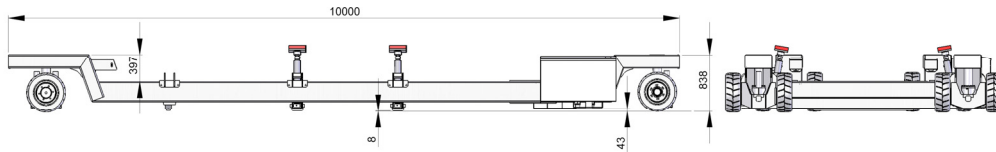

Models

- **Multidirectional:** All wheels rotate 90 degrees, allowing lateral displacement, facilitating manoeuvres in a reduced space.
- **Expandable:** 0 to 800 mm, by hydraulic cylinders.
- **Stretchable:** 0 to 4 m, by hydraulic cylinders.
- **On road:** Equipped with a full driver's cabin fully equipped and under the rules of the EEC to ensure driver safety in all circumstances. They also incorporate a radio control system. They are accredited for the use on road.

Accessories

- **Hydraulic or manual telescopic poles:** Adjustable supports with rubber-coated finish to prevent damage on boats hull.
- **Extensions for sailboats:** mechanically or hydraulically extendable poles for easy transportation of sailboats.
- **Helmet-hold bar:** With support for the keel.
- **Management of the trailer with two speeds.**
- **Self-levelling System:** To prevent oscillations along the trailer.
- **Measurement Electronic Control:** The weight of the boat is shown in the control panel of the trailer.

Motorized Carts

- Multi-directional (90 degrees rotation).
- Expandable.
- Stretchable.
- Road model only in carts up to 25Tn.

Model	Capacity (Tn)	Length (mm)	Internal Width (mm)	External Width (mm)	Height (mm)	Lifting Stroke (mm)	Axes/Wheels
12 M	12	7,000	1,900	3,330	850	250	2/8
20 M	20	8,000	2,100	3,770	850	250	2/8
30 M	30	10,000	2,300	3,970	850	300	2/8
40 M	40	12,000	2,500	4,130	1,000	300	2/8
60 M	60	14,000	2,800	4,430	1,000	300	3/12
80 M	80	15,000	2,600	4,800	1,150	300	4/16
100 M	100	18,000	2,600	4,800	1,150	300	5/20
120 M	120	18,000	2,900	5,000	1,150	300	5/20
150 M	150	18,000	2,900	5,000	1,200	300	6/24
200 M	200	20,000	2,900	5,000	1,200	300	8/32
250 M	250	20,000	2,900	5,300	1,500	300	8/32
